

Anastasija - Rise

VERSE 1:

When you reach the bottom
When you fall into the deepest hole
You drink up a full bottle
And you'll sink in your misery alone

PRE-CHORUS:

I've walked in your shoes before
I was drowning deep inside
My heart and soul were at war
But it was easier to hide

CHORUS:

Listen, we fell many times before
And we shall fall, fall many times again
Such is life; it's like an open door
Walk in or wait for something more
Rise, rise, rise from the bottom
Rise, rise, rise from the bottom
Rise, rise, rise from the bottom
Rise, rise, rise

VERSE 2:

You may feel forgotten
But this is no more than just a trick
You can rise from the bottom
For that, you just need a little kick

PRE-CHORUS:

I've walked in your shoes before
I was drowning deep inside
My heart and soul were at war
But it was easier to hide

CHORUS:

Listen, we fell many times before
And we shall fall, fall many times again

Such is life; it's like an open door
Walk in or wait for something more
Rise, rise, rise from the bottom
Rise, rise, rise from the bottom
Rise, rise, rise from the bottom
Rise, rise, rise

BRIDGE:

It's the hardest fight
But you have to trust me; I'll hold you
Soon you'll see the light
Give me your hand – let's walk it through

CHORUS:

Listen, we fell many times before
And we shall fall, fall many times again
Such is life; it's like an open door
Walk in or wait for something more
Rise, rise, rise from the bottom
Rise, rise, rise from the bottom
Rise, rise, rise from the bottom
Rise, rise, rise
